AFTER-SCHOOL PROGRAMS

Over 10,000 Students Served Daily

"It was a great cultural and educational experience for me. Hawaii was a real life changer"
Brittani Alberto

ICES GIVES YOU EXTRA VALUE!

Besides a wide range of regular After School activities, ICES programs are greatly enriched by a number of special activities which have been selected mainly based on Staff/Parent/Student advisory feedback. These are hugely popular and assist greatly with student recruitment, maintaining high student attendance and ensuring school/family support. Some examples are shown below:

■ ICES Hawaii Leadership Academy

Fundraisers facilitate a fully-escorted Educational Travel program in Honolulu, Hawaii for selected students. These annual travel scholarships are awarded (based on the "6 Pillars of Character") to deserving students who have shown dedication, leadership skills and/or have in any other ways "gone the extra mile" in our After School programs. This is a 5 day action-packed, educational trip (in conjunction with Hawaiian families) which is a tremendous incentive to staff and students alike. Activities include Polynesian Cultural Center, Paradise Cove, Luau, Arizona Memorial, Hanauma Bay snorkeling, Honolulu Aquarium/Zoo and various leadership-oriented classes.

Coming soon! In 2010 ICES will also be offering a similar **London Leadership Academy** in conjunction with the University of London in England.

■ ICES Higher Education Partnership

A unique opportunity for students and families to partner with their local university, particularly the Athletics Department. The program gives ICES students free access to all sports events on chosen university campuses and provides a focal point for student visits. They meet top student athletes, coaches, professors and other role models, the aim being to motivate greater work ethics with a view to an exciting future in higher education.

■ ICES Friendship Sports Leagues

The Friendship Sports Leagues (Soccer, Football, Baseball, Basketball, Volleyball, Softball, Kickball and Dodge Ball) have proven to be one of the most popular and well-supported ICES After School features. ALL students are encouraged to participate regardless of ability and the emphasis is on sportsmanship rather than competitiveness. They provide a unique opportunity for the less athletic students to take pride in representing their school.
