Humboldt County Office of Education's (HCOE) After School Consortium Programs consist of 16 sites in 10 school districts around Humboldt County and are funded through ASES and 21st CCLC grant programs. Some of our programs have parent or materials fees to help create additional funding sources for special events, and to encourage parent involvement. Other sites have extensive fundraising activities through school carnivals, special community events, and mini-grants from private foundations and donors.

Each district is responsible for hiring, training and maintaining staff; developing, implementing and monitoring programming; and submitting attendance, fiscal and evaluation reports to HCOE for consortium compilation. Each site maintains a minimum of staff to student ratio of 20:1.

All programs are open from the close of the school day until 6:00 p.m., Monday – Friday.

All programming is based on student interest and needs.

A sample of enrichment activities across the HCOE After School Consortium sites includes:

Sports

- Aikido
- Wrestling
- Surfing
- Basketball
- Softball
